Professional Summary

Frontend developer with a B.Sc. in Computer Science and ITI training in Front-End & Cross-Platform Mobile Application Development. Builds responsive React and TypeScript interfaces, designs and builds role-based dashboards, and integrates frontend applications with backend REST APIs. Project and training experience with Next.js, plus mobile work in React Native and Expo. Also delivered a production academic publishing platform end to end as a freelance full-stack developer.

Technical Skills

- **Frontend:** React.js, TypeScript, JavaScript (ES6+), Next.js, Tailwind CSS, Vite, HTML5, CSS3
- **Mobile:** React Native, Expo
- **Backend & APIs:** Node.js, Express.js, REST APIs, Prisma ORM, JWT Authentication, Role-Based Access Control (RBAC), SMTP/Nodemailer, Payment Gateway Integration
- **Databases:** PostgreSQL, MongoDB, Supabase
- **Tools & Practices:** Git, GitHub, Pull Requests, Code Review, Figma, Atomic Design, Agile/Scrum

Freelance Experience

Full-Stack Developer (Freelance) | Pinnacle Academic Publishing | Mar 2026 – Sep 2026

- Built the frontend (React, Vite, Tailwind CSS) and backend (Node.js, Express.js, Prisma, PostgreSQL, REST APIs) of an academic publishing platform end to end.
- Implemented role-based access and manuscript submission and review workflows for Admin, Author, Editor, and Reviewer users.
- Integrated Crossref/DOI for scientific articles, SMTP email with Nodemailer, and a payment gateway.
- Deployed the application to production and handled server uploads.
- Continued monthly development and maintenance after delivery: conducted a production audit, fixed 20+ production bugs, improved the UI/UX, and handled ongoing maintenance and development.

Full-Stack Developer (Freelance) | Ayadi Al-Khair Charity Association | May 2026 – Jul 2026

- Built a patient management system end to end, frontend and backend, with React, TypeScript, Express.js, Prisma, and PostgreSQL.
- Implemented role-based access for Administrator, Doctor, Medical Reviewer, and Employee users to manage and track patient support requests.

Frontend Developer (Freelance) | Real Estate Office, Saudi Arabia | Jan 2026 – Apr 2026

- Designed and built the React frontend of a real estate and property management dashboard managing 200+ contracts.
- Handled frontend-backend integration; the backend was developed by another developer.

Frontend Developer (Freelance) | HIXA Engineering Services Platform, Saudi Arabia | Sep 2025 – Dec 2025

- Designed and built the frontend of an engineering services platform using React in a MERN environment.
- Built four role-specific dashboards (Admin, Engineer, Client, Company) and the landing page.
- Integrated the frontend with the backend, which was developed by another developer.

React Native Developer (Freelance) | Mostaql Client | Jun 2025

- Rebuilt mobile app screens from Figma designs using React Native, focusing on UI implementation.

Training & Internships

Frontend Developer Trainee | Rafiq | Jun 2026 – Jul 2026

- Implemented a management dashboard UI from Figma designs with Next.js and TypeScript (github.com/Rania614/rafiq-frontend).
- Worked in feature branches with pull requests and code review, reviewed teammates' work, and gave weekly technical presentations in an Agile team.

Frontend Developer Intern | LinkedTrust | Feb 2026 – Jun 2026

- Built React and TypeScript UI components following Atomic Design for an enterprise design system.
- Worked in a shared production codebase with feature branching and a pull request and code review workflow.

Frontend Developer Intern | Afaq Ware | Feb 2026 – Apr 2026

- Built reusable React components from Figma designs and documented their component APIs.

Selected Projects

- **Elevante, ITI Graduation Project (Team Lead)** | Mar 2025 – Jun 2025: Led the team building a web and mobile business management application with React, React Native, Node.js, and JWT multi-role authentication. Web demo built with Next.js (github.com/Rania614/elevante).
- **Nuzzul — Real Estate Platform Concept:** React Native, Expo, Supabase, Admin Dashboard, Next.js Landing Page
- **Survey & Feedback Analytics Dashboard, Magdi Yacoub Foundation** | Mar 2025 – Jun 2025: Built a React dashboard for survey and feedback analytics with interactive charts and filters.

Education

- **B.Sc. in Computer Science**, Arab Academy for Science, Technology and Maritime Transport, 2019 – 2024
- **Front-End & Cross-Platform Mobile Application Development**, Information Technology Institute (ITI), 2025

Additional Experience

- **ICDL Instructor** (May 2026): Delivered ICDL training covering computer fundamentals and Microsoft Office.
